Field Experience Portfolio

When contacting potential field experience sites, you need to be prepared to sell the site on what you have to offer them! It is a good idea to develop a portfolio to show the knowledge and experience that you have gained from your Walden program, along with your work and/or volunteer experience. Below is a list of some items that you might want to include in your portfolio:

- Cover letter
- Letters to prospective site supervisors (available on the Forms link of your MyWalden portal under Field Experience Forms)
- Curriculum Vitae (see the Career Services Center website for a template)
- Walden University Information (History, Accreditation, Administration etc.)
- Counseling Program Information
- Program of Study (Course descriptions)
- Example of a Walden Class Room (use your post only and a professor’s response to your post)
- Research papers
- Presentations related to the population you may serve at the potential site (examples from residency)
- Project for Prevention, if applicable
- Thesis topic/Capstone, if applicable

Visit Walden’s Career Services Center to create a high-impact portfolio using Optimal Resume.
